FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

harvesting of sea urchins by hand, trap or rake. Under current law, the commissioner is required to designate 150 days in zone 1 and 170 days in zone 2. The public law also requires the commissioner to consult with the Sea Urchin Zone Council before deciding upon research projects and grants funded by the Sea Urchin Research Fund. It also requires the commissioner to use the fund for communicating research results and uses of fund revenues to licensed sea urchin harvesters, boat tenders, processors and buyers. In addition, it makes authorized zone changes for harvesters effective as of the start of the sea urchin season. The law is effective on May 15, 1997.
