ONE HUNDRED EIGHTEENTH LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

An Act to Require the Department of Labor to Ensure That Housing Provided as an Incident of Employment by Agricultural Employers Meets Minimum Standards of Habitability

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LEMAIRE RAND	OTP-AM	H-484

LD 596 proposed to require the Department of Labor, Bureau of Labor Standards to adopt rules regarding the condition of housing provided to workers by employers of agricultural labor who provide housing to 75 or more workers for more than 180 days a year. The rules would have to be at least as stringent as the regulations on housing promulgated by the federal Department of Labor, Occupational Safety and Health Administration under the federal Migrant and Seasonal Agricultural Worker Protection Act. The bill proposed to allow an action to enforce the standards to be brought by either the State or a private party.

Committee Amendment "A" (H-484) proposed to change the content of the rules to be adopted by the Department of Labor, Bureau of Labor Standards to make them identical to the federal housing regulations adopted under the authority of the federal Migrant and Seasonal Agricultural Worker Protection Act. The amendment also proposed to change the application of the rules to housing facilities of agricultural employers who house more than five employees and whose housing habitability standards are not already governed by the federal housing regulations. The amendment also proposed to give the Department of Human Services the authority to perform the duties of local health officers, including inspections, when the local health officer fails to perform those duties.

Enacted law summary

Public Law 1997, chapter 387 requires the Department of Labor, Bureau of Labor Standards to adopt rules regarding the condition of housing facilities of agricultural employers who house more than five employees. The rules must be identical to the regulations on housing promulgated by the federal Department of Labor, Occupational Safety and Health Administration under the federal Migrant and Seasonal Agricultural Worker Protection Act and only apply to housing facilities not already governed by the federal law. The law permits an action to enforce the housing standards to be brought by either the State or a private party. Chapter 387 also gives the Department of Human Services the authority to perform the duties of local health officers, including inspections, when the local health officer fails to perform those duties.
