ONE HUNDRED EIGHTEENTH LEGISLATURE FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

An Act to Increase the Department of Marine Resources' Involvement in Dredge Permitting

PUBLIC 164

Sponsor(s)	Committee Report	Amendments Adopted
ETNIER	OTP-AM	H-194
BUTLAND		

LD 786 proposed to require transportation routes associated with dredging operations be approved by the Commissioner of Marine Resources. It proposed to prohibit dredging from April 1st to October 31st, unless an exception is granted by the Commissioner of Marine Resources. It proposed to authorize the Commissioner of Marine Resources to require dredging transportation routes be clearly marked. It also proposed to authorize the Commissioner of Marine Resources to require a dredge operator to publish in a newspaper the dredge spoils transportation route and the process a person can pursue to seek compensation for lost or damaged fishing gear caused by dredging-related activities outside of marked areas.

Committee Amendment "A" (H-194) proposed to require that the Commissioner of Marine Resources provide the Department of Environmental Protection with an assessment of the impacts of a proposed dredging operation on the fishing industry. It also proposed to require that a person granted a dredging permit clearly mark or designate the dredging area, the spoils disposal route and the transportation route; publish in a newspaper of general circulation in the area adjacent to the route the approved transportation route of the dredge spoils; and publish in a newspaper of general circulation in the area adjacent to the route a procedure that the applicant will use to respond to inquiries regarding the loss of fishing gear during the dredging operation.

Enacted law summary

Public Law 1997, chapter 164 requires that the Commissioner of Marine Resources provide the Department of Environmental Protection with an assessment of the impacts of a proposed dredging operation on the fishing industry. It also requires that a person granted a dredging permit clearly mark or designate the dredging area, the spoils disposal route and the transportation route; publish in a newspaper of general circulation in the area adjacent to the route the approved transportation route of the dredge spoils; and publish in a newspaper of general circulation in the area adjacent to the route a procedure that the applicant will use to respond to inquiries regarding the loss of fishing gear during the dredging operation.

LD 847 An Act to Amend the Laws Pertaining to Sea Urchin Licenses

ONTP

Sponsor(s)	Committee Report		Amendments Adopted
SKOGLUND	ONTP	MAJ	_
	OTP	MIN	

LD 847 proposed that limited entry sea urchin harvesters hold either a handfishing license or a dragging license. It would have prohibited a sea urchin harvester from holding both licenses in one calendar year unless that harvester held both licenses in 1993. The limited entry provisions of the sea urchin laws began with the 1994 calendar year.
