**Summary Of Legislation Before The Joint Standing Committees**  
**August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

Dental Examiners who have or who may develop impairments such as alcohol abuse, psychoactive drug abuse or other dependency interfering with their practices. The professional review committee would be made up of either physicians, dentists or both as circumstances warrant.

Chapter 107 allows the Board of Dental Examiners to issue limited licenses to certain instructors in board-approved continuing education programs within the State. Instruction in specialized areas may require the practice of dentistry, as defined by the Maine Revised Statutes, Title 32, section 1081, by persons who are not licensed in Maine but whose credentials otherwise make them uniquely qualified to educate Maine practitioners in certain techniques.

HATCH CATHCART	ONTP	

LD 1005 proposed to establish in the Department of Professional and Financial Regulation, Division of Licensing and Enforcement, a comprehensive register of contractors doing business in the State. The information would be available to the public.

The bill specified information that the contractor must provide and information that the department must provide the registrants to ensure that they would be aware of all applicable legal and ethical requirements for engaging in their particular business in Maine.

The registrants would be required to renew their registration annually and pay registration fees established by the department to cover the costs of administration of this law, but these requirements must be coordinated with any specific licensing or certification requirements with which the contractor must comply.

Registration would not be permitted for a contractor whose license, certification or registration has been suspended or revoked in this State or any other state unless the contractor passes a professional review.
