**Summary Of Legislation Before The Joint Standing Committees
August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
FULLER PINGREE	OTP-AM	H-302

LD 1044 proposed to add a definition to the Maine Certificate of Need Act to clarify when the transfer of ownership of a health care facility is subject to certificate of need CON review.

Committee Amendment "A" (H-302) This amendment proposed to replace the original bill with language more specifically targeting the special class of management agreements that effectively transfer control of a health care facility in such a manner that a certificate of need review would have been triggered if the transfer had been accomplished by purchase. It would add a fiscal note to the bill.

Enacted law summary

Public Law 1997, chapter 242 extends certificate of need review to transfers of management of health care facilities that would require CON review if the transfer had been by purchase.
