**Summary Of Legislation Before The Joint Standing Committees  
August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

LD 1059 proposed to create an affirmative defense to a charge of possession or cultivation of marijuana provided a licensed physician has recommended in writing use of the drug to alleviate negative medical symptoms and a number of other requirements are met including notification to law enforcement agencies. The bill would have required a minor to have the consent of a parent or legal guardian. It would have required the Attorney General to report to the joint standing committee of the Legislature having jurisdiction over health and human services matters by January 1, 1999 on the experience of prosecuting authorities with claims of affirmative defense. The bill would have provided professional protection to physicians who recommended the use of marijuana to their patients.

**Committee Amendment "A" (S-219)** proposed to replace the bill. It would have enacted an affirmative defense to the civil infraction of possession of marijuana for persons suffering from glaucoma or nausea or vomiting as a result of AIDS or chemotherapy or radiation therapy for treatment of cancer. It would have required registration with the Department of Public Safety by persons using marijuana for medical purposes. The amendment would have added a fiscal note to the bill.

LD 1063 proposed to allow professional or registered nurses and advanced practice registered nurses employed by licensed home health care or hospice agencies in the course of employment to possess and administer certain preapproved noncontrolled prescription drugs according to written protocols developed by their employers through their medical advisory committees.

**Committee Amendment "A" (S-67)** This amendment proposed to place the new subchapter of the bill in the Maine Pharmacy Act. It would designate the Board of Commissioners of the Profession of Pharmacy to make the rules on the possession of noncontrolled prescription drugs by a professional nurse or an advanced practice registered nurse employed by a home health care provider. In the making of rules, it would require the Board of Commissioners of the Profession of Pharmacy to consult with the Board of Licensure in Medicine, the Board of Osteopathic Licensure, the State Board of Nursing, the Maine Hospice Council, the Department of Human Services and the Home Care Alliance of Maine. It would add a fiscal note to the bill.
