**Summary Of Legislation Before The Joint Standing Committees
August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Committee Amendment "A" (H-492) proposed striking several sections from the original bill and authorizing the

Joint Standing Committee on Agriculture, Conservation and Forestry to report out a bill making revisions to the animal welfare laws during the Second Regular Session of the 118th Legislature based on the sections removed from L.D. 1362.

House Amendment "A" (H-717) proposed removing the provision that allowed the court to order a person convicted of cruelty to animals to pay the costs of prosecution and costs incurred in investigation of the complaint.

Enacted law summary

Public Law 1997, chapter 456 authorizes the Joint Standing Committee on Agriculture, Conservation and Forestry to report out a bill making revisions to the animal welfare laws during the Second Regular Session of the 118th Legislature and to consider the sections removed from L.D. 1362 when developing the bill. The bill as amended provides for the following changes in the animal welfare laws:

1. It changes the definition of "livestock" to include domesticated deer, fowl and rabbits.
2. It removes the qualification that other animals kept and used by a commercial farmer are livestock.
3. It adds a definition for livestock to the animal welfare laws in the Maine Revised Statutes, Title 17 that is identical to the amended definition for animal welfare laws in Title 7.
4. It amends the definition of "mutilation."
5. It allows a state veterinarian or state humane agents to represent the State in proceedings for civil violations.
