ONE HUNDRED EIGHTEENTH LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Committee Amendment "A" (H-353), the minority report of the Joint Standing Committee on Education and Cultural Affairs, proposed to add a fiscal note to the resolve.

LD 1394**An Act to Establish a State Residential Treatment Center for Certain Students****ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CHARTRAND KILKELLY	ONTP	

LD 1394 proposed to allow the Department of Education to establish, by rule, one or more state residential treatment centers for primary and secondary education students to improve achievement for those students who cannot be placed in other private residential placements. A public school or any portion of it may be developed as a center. A center must comply with state law to receive state funding. The bill also proposed to require a center to enroll all exceptional students, for whom school administrative units have been unable to construct a program within the unit or locate an appropriate in-state program, unless the number of applications exceeds capacity, to give preference to eligible students who are Maine residents who present the greatest need and to consider for admission a Maine student in need of residential treatment before that student is placed outside the state.
