ONE HUNDRED EIGHTEENTH LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1664 proposed to require any insurance company, nonprofit hospital, medical or health care service organization, health maintenance organization, third-party administrator or any other organization administering and operating a health care plan that bids for participation in the state employee health insurance program to also bid for participation in the Medicaid program. It also provides that any organization that participates as a contractor in both programs must maintain a separate risk pool between the Medicaid population and state employees.

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
VOLENIK	ONTP MAJ OTP-AM MIN	

LD 1741 proposed to establish universal health insurance coverage in the State through the following changes.

Part A of the bill proposed to establish the Maine Single-payor Health Care Plan. It establishes the Department of Health Security as an independent agency to administer the plan. Under the plan, enrollees pay premiums to the plan and choose their own health care providers and the plan pays their bills. Coverage under the plan is supplemental to other coverage. The bill requires a report from the Commissioner of Health Security to the joint standing committee of the Legislature having jurisdiction over human resource matters on the options for coordination of the plan with other health plans and for the plan to take over coverage of some persons covered by those health plans. The bill requires an annual report from the commissioner to the Governor and the Legislature on the operation and activities of the plan.
