ONE HUNDRED EIGHTEENTH LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1718**An Act to Create a Prepaid Tuition Plan****CARRIED OVER**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
KONTOS AMERO		

LD 1718 proposes to establish a prepaid tuition program that will encourage long-term family savings for higher education tuition costs. Under this bill, the Finance Authority of Maine would be authorized to establish and administer the Maine Prepaid Tuition Savings Plan and, on behalf of the State, to contract for the advance payment of tuition by a parent or other purchaser for a qualified beneficiary to enroll at a campus of the University of Maine System to which the qualified beneficiary is admitted, without further tuition cost to the qualified beneficiary. A qualified beneficiary would also have the option of applying prepaid tuition benefits to attend an accredited institution of higher education other than a campus of the University of Maine System, including an accredited technical, community or junior college, provided that tuition paid by the program to the other institution of higher education is limited to the total amount of tuition charged at the campus of the University of Maine System that charges the highest rate of tuition. The bill was carried over to the Second Regular Session of the 118th Legislature.

LD 1721**An Act Regarding Appointment to the Maine Public Broadcasting Board of Trustees****CARRIED OVER**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CATHCART		

LD 1721 proposes to alter the composition of the Board of Trustees of the Maine Public Broadcasting Corporation. Under this bill, the Governor would be required to appoint eight public trustees and the President of the Maine Public Broadcasting Corporation would be prohibited from serving on the board. The bill was carried over to the Second Regular Session of the 118th Legislature.

LD 1725**An Act to Authorize Interlocal Agreements for Construction and Operation of Public Education Fiber-optic Transmission Systems****CARRIED OVER**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PARADIS O'NEAL		

LD 1725 proposes to provide school administrative units with the fiscal powers required to construct and finance fiber-optic systems. The bill further proposes to authorize school administrative units, including municipalities, school administrative districts, community school districts and applied technology regions, to enter into interlocal agreements and to form nonprofit corporations in order to construct and operate fiber-optic cable systems for educational purposes to provide interactive audio-visual communication among school administrative units. Such fiber-optic systems have the potential to improve public education and to reduce school transportation and construction costs by providing a practical and inexpensive means of consolidating school programs, particularly in the more rural areas of the State. The bill was carried over to the Second Regular Session of the 118th Legislature.
