ONE HUNDRED EIGHTEENTH LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS

Summary Of Legislation Before The Joint Standing Committees
August 1997

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1755 proposed to establish the Work Force Development Study Group, with representatives from a variety of agencies and individuals interested in work force development. The study group would have been required to review the various work force development programs and develop and implement a plan to streamline and coordinate work force development efforts. The study group would have been required to place particular emphasis on increasing the amount of students served with existing resources and on incorporating the needs of at-risk students, special education students and rural or geographically disadvantaged students. See LD 1815.

HATCHCommittee Report
OTPAmendments Adopted

LD 1797 was presented by the retirement system as a housekeeping bill. The bill proposed to repeal the requirement that members of the Judicial Retirement System file statements of health. Public Law 1995, chapter 643, enacted in 1996, repealed the requirement that state employees, Legislators and participating local district employees file statements of health at the time of employment as the statements are no longer used by the Maine State Retirement System. In addition the clarified various disability retirement provisions of current law. This bill also proposed to reenact language that, for the reason of clarity, should not have been deleted by amendments enacted by Public Law 1991, chapter 887.

Enacted law summary

Public Law 1997, chapter 384 repeals the requirement that members of the Judicial Retirement System file a statement of health, clarifies various provisions of current disability retirement law and reenacts certain disability retirement provisions that were erroneously repealed.
