**Summary Of Legislation Before The Joint Standing Committees  
August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

**LD 1776****An Act to Establish Guidelines for Putting Certain Social Service Contracts out to Bid****PUBLIC 381**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DAGGETT KANE	OTP-AM	S-282

LD 1776 proposed to prohibit a performance-based contract under the Department of Mental Health, Mental Retardation and Substance Abuse Services from being put out to bid solely because of the amount or duration of the contract. The bill would have required the Department of Mental Health, Mental Retardation and Substance Abuse Services to establish guidelines, with assistance from social service agencies, as to when contracts should be sent out for rebidding.

**Committee Amendment "A" (S-282)** This amendment proposed to replace the original bill to bring contracts under the Office of Substance Abuse in line with mental health contracts within the Department of Mental Health, Mental Retardation and Substance Abuse Services.

***Enacted law summary***

Public Law 1997, chapter 381 comprises the provisions of the Committee Amendment. It provides uniformity for mental health and substance abuse contracts in the manner in which they are put out to bid and re-bid within the Department of Mental Health, Mental Retardation and Substance Abuse Services.

**LD 1779****An Act Regarding Access to Medical Information****CARRIED OVER**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PINGREE WATSON		

LD 1779 proposes to create the Medical Privacy Act of 1997 that establishes a right to privacy with respect to health information, including genetic information. It helps to ensure the confidentiality of computerized or electronically transferred health information and restricts the gathering of aggregate health information for financial gain or other purposes without an individual's knowledge or consent. The bill also provides individuals with access to health information of which they are the subject, and the power to challenge the accuracy and completeness of, amend or correct records containing that information.

The bill further provides that an individual's interest in the privacy of health information may not be overridden without notice and consent, except in limited circumstances, including when a person is in danger; disclosure to a health oversight agency in cases concerning fraud; protection of individuals from harm, abuse, neglect, or exploitation; public health risks; and disclosure to health researchers within certain parameters. It also provides for disclosure of health information for judicial, law enforcement and administrative purposes pursuant to requirements governing subpoenas, warrants, court orders, and in certain other cases involving legal claims. The bill establishes civil penalties and a private right of action of individuals aggrieved by conduct in violation of the act.
