**Summary Of Legislation Before The Joint Standing Committees
May 1998**

We are pleased to provide this summary of bills that were considered by the Joint Standing Committees of the Maine Legislature. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

1/4 of 1% on an annual basis. A new monthly reporting requirement is imposed on motor fuel wholesalers in order to provide the Bureau of Revenue Services with additional audit tools for identifying noncompliance. The amendment also added an allocation section and a fiscal note to the bill.

Senate Amendment "A" to Committee Amendment "A" (S-765) eliminated the Principal Revenue Agent position, adjusted the allocation section and replaced the fiscal note.

Enacted law summary

Public Law 1997, chapter 738 replaced several provisions in Maine's gasoline and special fuel tax laws to improve readability and to make changes intended to deter tax evasion. Diesel fuel that is dyed pursuant to the requirements of the Federal Government was made exempt from excise tax, thereby decreasing refund-related paperwork for the industry and for the State. The allowance for gasoline stock loss was changed to 1/2 of 1% on an annual basis, and a new allowance for special fuel was provided at 1/4 of 1% on an annual basis. A new monthly reporting requirement was imposed on motor fuel wholesalers in order to provide the Bureau of Revenue Services with additional audit tools for identifying noncompliance.

LD 1803

An Act to Encourage the Payment of Delinquent Taxes

INDEF PP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DAGGETT	OTP-AM	S-513

LD 1803 was carried over from the First Special Session. The bill provided that when a check payable to the State for taxes is returned due to insufficient funds, the person who wrote the check shall pay a penalty of \$20 or 12% of the amount of the check, whichever is greater.

Committee Amendment "A" (S-513) would have replaced the original bill. The amendment would have provided for a reduction in the penalty for failure to file a tax return following a formal demand from the State Tax Assessor from 100% to 50 % of the tax due. The lower penalty was intended to encourage the payment of delinquent taxes. The reduction in penalty would have applied to formal demands made on or after January 1, 1999. The amendment also would have added a fiscal note.

LD 1820

An Act to Establish a Penalty on Gains from the Sale or Exchange of Land from Which Timber Has Been Harvested

GREEN RUHLIN	ONTP	

LD 1820 was carried over from the First Special Session. The bill proposed to create a penalty on gains from the sale or exchange of land for timber harvesting. The bill would have established a graduated penalty that would decline over a 10-year period and would be related to the amount of gain as a percentage of the cost basis. The penalty would have applied to parcels of land greater than 100 acres.
