Amendments Adopted

LD 2218 contains the legislative recommendations of the Task Force on Improving Access to Prescription Drugs for the Elderly, established by Public Law 1997, chapter 560, Part E.

This bill proposed to require the Department of Human Services to provide educational materials on the elderly low-cost drug program to be distributed by the Bureau of Revenue Services when sending out the program's drug cards to eligible residents. Other materials would have been made available to pharmacies to post or to include with customers' prescription drug purchases.

This bill proposed to expand the elderly low-cost drug program to cover those who meet the age and disability requirements and whose income is less than or equal to 185% of the federal poverty level. The current income limitation is approximately 131% of the federal poverty level.

This bill proposed to direct the Department of Human Services to seek a Medicaid waiver from the federal Health Care Financing Administration to provide Medicaid prescription drug benefits for persons 62 years of age and over whose income is less than or equal to 185% of the federal poverty level.

**Committee Amendment " A " (H-1074)** proposed to replace the bill. It proposed to provide the Department of Human Services with a \$2,000,000 appropriation to include additional medications to be determined by the department to the elderly low-cost drug program. It proposed to direct the department to pursue a Medicaid waiver to provide Medicaid prescription drug benefits.
