ONE HUNDRED NINETEENTH LEGISLATURE
FIRST REGULAR SESSION

Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

This education access fund program does not begin until July 1, 2001, after the current Public Utilities Commission program regarding schools and libraries terminates.

The commission is required to integrate the collection of charges for the program with any universal service fund developed by the commission. The commission must require identification on customer bills of contributions to the program, which is the same requirement imposed under existing law with respect to universal service fund charges. Pursuant to the Maine Revised Statutes, Title 35-A, section 7104, the fund for the program will be administered by an independent fiscal agent, and funds in the fund will be dedicated to the purposes of the program and not be state funds.
