**FIRST REGULAR SESSION**

**Summary Of Legislation Before The Joint Standing and Select Committees**  
**August 1999**

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla](http://www.state.me.us/legis/opla)).

## Joint Standing Committee on Labor

**LD 14**

**An Act to Protect Pensions of Teachers and Public Employees in a Fashion Consistent with Federal ERISA Standards**

**ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MILLS JOY	ONTP	

LD 14 proposed to provide in statute that the retirement benefits of state employees and teachers under the Maine State Retirement System represent a solemn contractual commitment of the State, the value of which may not be reduced once those benefits are earned. The bill was intended to specifically supplant, with respect to the earned retirement benefits of the named groups of retirement system members, the holding of the United States Court of Appeals for the First Circuit in Parker v. Wakelin et al., 123 F 3d 1 (1997). In that case, the court held that Maine public pension law creates no enforceable private contractual right against the modification of teacher members' retirement benefits until those benefits are actually receivable. The bill would not have limited the ability of the Legislature in the future to reduce public pension retirement benefits prospectively or to remove or to limit the contractual protection provided by this bill with respect to future benefits. Under the bill, however, public employee retirement benefits, once earned, could not be reduced because the value of those benefits is protected under the contract clauses of the Constitution of Maine and the United States Constitution.

See also LD 566 which proposed to amend the Maine Constitution to protect state employee and teacher retirement benefits from the date of hire and LD 267 proposing to reduce from 10 years to 5 years the vesting period for state employees and teachers.
