Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

of the permits issued as a result of this bonus lottery to be for antlerless moose, those without antlers or moose with antlers shorter than their ears. The 1999 zone allocations for the additional permits were included in this amendment.

This amendment also proposed to give the Commissioner of Inland Fisheries and Wildlife authority to set the length and timing of the moose season beginning in the year 2000 and the number of permits for moose hunts taking place in 2001 and later. It proposed that the commissioner shall report each year on the commissioner's proposed actions concerning management of the moose herd to the Joint Standing Committee on Inland Fisheries and Wildlife.

This amendment also proposed to add an emergency preamble and an emergency clause to the bill.

Enacted law summary

Public Law 1999, chapter 402 makes an additional 1,000 moose permits available for 1999 and 2000. These permits will be drawn at a bonus chance lottery held after the regularly scheduled lottery. Anyone who has applied for a moose permit in 1999 and 2000 who is not selected in the regular drawing will automatically be entered into the bonus chance lottery. Half of the permits issued as a result of this bonus lottery will be for antlerless moose, those without antlers or moose with antlers shorter than their ears. This legislation includes the 1999 zone allocations for the additional permits.

This law also gives the Commissioner of Inland Fisheries and Wildlife authority to set the length and timing of the moose season beginning in the year 2000 and the number of permits for moose hunts taking place in 2001 and later. The commissioner shall report each year on the commissioner's proposed actions concerning management of the moose herd to the Joint Standing Committee on Inland Fisheries and Wildlife.

Chapter 402 was enacted as an emergency measure effective June 4, 1999.
