ONE HUNDRED NINETEENTH LEGISLATURE
FIRST REGULAR SESSION

Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1168 proposed to require insurance policies and contracts that provide coverage for prescription drugs or outpatient medical services to provide coverage for prescription contraceptives approved by the federal Food and Drug Administration or for outpatient contraceptive services, respectively, to the same extent that coverage is provided for other prescription drugs or outpatient medical services.

Committee Amendment "A" (S-200) is the majority report of the committee. It proposed to remove the prohibition sections of the bill and clarify that the bill may not be construed to apply to prescription drugs or devices that are designed to terminate a pregnancy. The amendment also proposed to add disability income insurance to the types of insurance that are exempted from the requirement to provide contraceptive coverage.

The amendment proposed to provide an exemption from the purchase of an insurance policy providing mandated coverage for contraceptives for religious employers.

The amendment proposed to provide an exemption from the requirement that this bill undergo review and evaluation by the Bureau of Insurance before being enacted into law.

The amendment would have applied to all policies and contracts issued or renewed on or after March 1, 2000.
