ONE HUNDRED NINETEENTH LEGISLATURE
FIRST REGULAR SESSION

Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

PUBLIC 333

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
KILKELLY COWGER	OTP-AM	H-591 PIEH S-261

LD 1654 proposed eliminating redundancy in the permitting process between the Maine Land Use Regulation Commission and the Department of Environmental Protection.

Under provisions of this bill, large development projects that require extensive technical review would be regulated by the Department of Environmental Protection regardless of their location in the State. Within the unorganized and deorganized areas of the State, routine permitting decisions and all zoning considerations would be made by the Maine Land Use Regulation Commission. All activities governed by the natural resources protection laws, including the alteration of wetlands, would be regulated exclusively by the Maine Land Use Regulation Commission within the unorganized and deorganized areas of the State.
