Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

GOLDTHWAIT HONEY	OTP-AM	S-153

LD 1829 proposed to establish a commercial shrimp permit for the commercial shrimp fishery and to require a person to hold both a commercial fishing license and a commercial shrimp permit in order to fish for shrimp. It proposed to establish the Shrimp Management Fund into which proceeds from the sale of a commercial shrimp permit would be deposited. The bill also proposed to require a person to hold a wholesale seafood license with a shrimp permit in order to buy, sell, ship or transport shrimp

The bill proposed to provide that if reporting in the fishery is required, failure to provide reports would be cause for nonrenewal of a shrimp permit or a wholesale seafood license with a shrimp permit. This bill was submitted on behalf of the Department of Marine Resources.

Committee Amendment "A" (S-153) proposed to establish a commercial shrimp license for the commercial shrimp fishery. It proposed to specify that a member of the Passamaquoddy Tribe is not required to hold a state commercial shrimp license if the member holds a tribal license to conduct the activities authorized under the state license.
