Summary Of Legislation Before The Joint Standing and Select Committees
August 1999

We are pleased to provide this summary of all bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

An Act to Amend the Lead Poisoning Control Act

PUBLIC 276

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LONGLEY COLWELL	OTP-AM	S-137

LD 2047 proposed to change the Lead Poisoning Control Act, Maine Revised Statutes, Title 22, chapter 252, to increase the efficiency of limited resources of the Department of Human Services, allow for more flexibility in dealing with lead-based substances in single-family homes, and allow for preliminary lead screenings by child care licensing staff of the department. These changes would make the Lead Poisoning Control Act consistent with Title 38, chapter 12-B and rules of the Department of Environmental Protection, chapter 424, "Lead Management Regulations."

This bill was submitted on behalf of the Department of Human Services.

Committee Amendment "A" (S-137) proposed to substitute rules of the Department of Environmental Protection for rules of the Department of Human Services and clarify that penalties may be imposed by the Department of Environmental Protection.
