ONE HUNDRED NINETEENTH LEGISLATURE
SECOND REGULAR SESSION

Summary Of Legislation Before The Joint Standing Committees
July 2000

We are pleased to provide this summary of bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

CON RES XXX..... Chapter # of Constitutional Resolution passed by both Houses
CONF CMTE UNABLE TO AGREE..... Committee of Conference unable to agree; bill died
DIED BETWEEN BODIES..... House & Senate disagree; bill died

LEMOINE	OTP-AM	H-830

LD 2482 proposed to require a public utility that owns poles and wires along a street in a designated historic district to place those wires underground when that street is reconstructed. The governing body of the municipality in which the historic district is located could waive this underground placement requirement or approve a plan that provides utility services for structures located in the historic district by connecting the rear of those structures to the facilities.

Committee Amendment "A" (H-830) proposed to replace the bill and change the title to reflect the intent of the amendment. The amendment proposed to permit a municipality to direct that utility facilities in a historic district be relocated. Costs of the relocation would be borne by the municipality unless the facility owner agrees in writing to share the costs.

Enacted law summary

Public Law 1999, chapter 596 provides that a municipality may direct that utility facilities in a historic district be relocated. Costs of the relocation are borne by the municipality unless the facility owner agrees in writing to share the costs.

LD 2488 was a concept draft pursuant to Joint Rule 208. This bill proposed to accomplish the following:

1. To provide for the payment to local exchange carriers for their assistance in transforming the current customer information maintained by the local exchange carrier into a format usable by the E-9-1-1 database and also for costs incurred by updating customer information in the State's E-9-1-1 databases on an ongoing basis; and
2. To lower the fee charged to users for replacement equipment costs in the E-9-1-1 system.
