Summary Of Legislation Before The Joint Standing Committees July 2000

We are pleased to provide this summary of bills that were considered by the Joint Standing and Select Committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing and select committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. An Act to Establish Consistent Requirements in Maine State Retirement System Plans for Minimum Creditable Service for Eligibility to Receive Retirement Benefits

Sponsor(s)	Committee Report		Amendments Adopted
HATCH	OTP-AM	MAJ	H-1110
DOUGLASS	OTP-AM	MIN	

LD 2614 proposed to provide consistency in the laws governing eligibility to receive retirement benefits. Consistent with the law enacted last year, the bill proposed to change the minimum creditable service for eligibility to receive retirement benefits from 10 years to 5 years for employee members of participating local districts and members of the state legislative retirement system and the judicial retirement system.

Committee Amendment "A" (H-1110) is the majority committee report. It proposed to clarify language in the bill describing the manner by which a state employee, teacher, participating local district employee or judge who is a member of the Maine State Retirement System and who had less than 10 years of creditable service on July 1, 1993 qualifies for a retirement benefit.

Enacted law summary

Public Law 1999, chapter 756 changes the minimum amount of creditable service required for eligibility to receive retirement benefits from 10 years to 5 years for employee members of participating local districts and members of the state legislative retirement system and the judicial retirement system. The reduction in required creditable service was enacted last year for state employees and teachers. This change provides consistency in the laws governing the retirement of legislators, judges and participating local district employees and those governing state employees and teachers.
