121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

also proposed to place the burden on the personal representative to show that the property should not have been included in the inventory.

Committee Amendment "A" (H-469) proposed to replace the bill. It proposed to provide that, if the personal representative does not file or furnish the required inventory of a decedent's estate and an interested person makes a prima facie case that property that should have been inventoried is now missing, the burden would be on the personal representative to show that the property would properly be excluded from the inventory.

Enacted Law Summary

Public Law 2003, chapter 378 provides that if the personal representative does not file or furnish the required inventory of a decedent's estate and an interested person makes a prima facie case that property that should have been inventoried is now missing, the burden is on the personal representative to show that the property was properly excluded from the inventory.
