Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Resolve, To Ensure That Emergency Medical Help Is Available to All School Children

RESOLVE 112

<u>Sponsor(s)</u> ANDREWS	<u>Committee Report</u> OTP-AM	<u>Amendments Adopted</u> H-723
------------------------------	-----------------------------------	------------------------------------

LD 177 was carried over from the First Regular Session and proposed to require that a school administrative unit or private school ensure that all school personnel are certified in cardiopulmonary resuscitation.

Committee Amendment "A" (H-723) proposed to strike and replace the bill and changes it to a resolve. The proposed amendment directs the Department of Education, working together with the school nurse consultant, the School Health Advisory Committee and other appropriate organizations, to review the recommendations of the Cardiopulmonary Resuscitation and Automated External Defibrillators for Maine Schools Workgroup and to design a survey of school administrative units and private schools enrolling more than 60% of their students at public expense in the State regarding the extent to which schools have medical emergency response plans in place and have developed emergency response teams comprised of school personnel who hold valid certification in cardiopulmonary resuscitation and whose roles include providing an immediate response to a medical emergency, including a medical emergency resulting from sudden cardiac events.

The amendment also proposed that the Department of Education submit a report, including findings and recommended legislation, by November 3, 2004 to the joint standing committee of the Legislature having jurisdiction over education matters during the First Regular Session of the 122nd Legislature. The amendment further proposed that the joint standing committee of the Legislature having jurisdiction over education matters has the authority to introduce a bill based on the recommendations of the Department of Education report during the First Regular Session of the 122nd Legislature.
