121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 225

An Act To Amend the Requirements for a Journeyman Oil Burner Technician License

PUBLIC 11

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
FISCHER STANLEY	OTP	

LD 225 proposed to allow a person to sit for the journeyman oil burner technician license exam if the person successfully completed a minimum one-year accredited heating course at a Maine technical college consisting, at a minimum, of 320 hours of study, of which at least 150 hours are made up of laboratory work on oil burner equipment and related systems. This option would supplement the provision of law that allows a person to sit for the exam if the person has at least one year of licensed practical experience as an apprentice oil burner technician or 6 months of practical experience combined with completion of an oil burner technician course.
