## 121st Maine Legislature First Regular Session

#### Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

#### LD 344 An Act To Amend the School Finance Act

**ONTP** 

Sponsor(s)	Committee Report	Amendments Adopted
MURPHY	ONTP	

LD 344, which was a concept draft pursuant to Joint Rule 208, proposed to amend the school funding formula in the following ways:

- 1. It proposed to change the school funding formula so that it would, during periods of diminishing state fiscal resources, direct state subsidy to students in the classrooms rather than to subsidize the costs for school administrators and limit the amount of the state subsidy allocated to all school administrative units for allowable reimbursements under the school funding formula to the level of the previous school year's state subsidy allocation;
- It proposed that all costs for school administrators would be removed from the reimbursement formula for
  operating costs and program costs, and school administrator costs would be included in a separate category of
  the school funding formula and would be reimbursed at a lower rate of reimbursement under the school funding
  formula; and
- 3. It proposed that the savings from reimbursing school administrator costs at a lower rate would be redistributed to other program costs and operating costs eligible for state subsidy under the school funding formula.
