Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

LD 263

An Act to Define a Scope of Practice for Acupuncture

PUBLIC 666

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BROMLEY DUDLEY	OTP-AM MAJ ONTP MIN	S-414

LD 263 proposed to amend and update existing law governing acupuncture to set forth a scope of practice. The proposed scope of practice is similar to that found in New Hampshire law. The bill also proposed to incorporate New Hampshire's definition of oriental medicine.

Committee Amendment "A" (S-414) proposed to limit the techniques to be added to licensed acupuncturists' scope of practice to those techniques that are taught in accredited colleges of acupuncture and to add and delete certain practices from the bill. The amendment also proposed to eliminate the bill's provision that would have authorized the Board of Complementary Health Care Providers to further define the scope of practice by rule, but to add a provision providing for certification in the modality of Chinese herbal formulation. The amendment also proposed to clarify that other licensed persons and unlicensed persons would not be prevented from using the listed techniques by the techniques' inclusion within acupuncturists' scope of practice. Finally, the amendment proposed to make a technical correction to the definition of "acupuncture" and amend the acupuncturist and naturopathic doctor licensing fee statutes, including a fee for the newly created acupuncturist certification.
