121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Joint Standing Committee on Business, Research and Economic Development

LD 512 **An Act To Promote Economic Development in Rural Maine** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CRESSEY HALL	ONTP	

LD 512, which was a concept draft pursuant to Joint Rule 208, proposed to promote economic development in rural Maine.

LD 539 **An Act To Study Maine-Canada Issues** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
STANLEY SHERMAN	ONTP	

LD 539, which was a concept draft pursuant to Joint Rule 208, proposed to establish a study commission to investigate, discuss and report on various Maine-Canada issues such as trade, economic development, Canadian ownership of Maine-based companies, employment and tax matters. Under the proposed bill, the commission would have been required to report back to the Legislature with its findings and legislation necessary to improve or alleviate problems between Maine and Canada.

The substance of this bill was incorporated into LD 607, which concerned similar subject matter.

LD 580 **An Act Concerning the Fair Application of the Mechanic's Lien Laws** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
COWGER BROMLEY	ONTP	

LD 580 proposed to eliminate the nonresidential exemption to the prior notice requirement of the mechanic's lien law. The mechanic's lien law permits a subcontractor or material supplier to collect from a residential customer directly when that subcontractor or material supplier has not been paid by the general contractor, even if the residential customer has paid the general contractor. Thus, the residential customer may end up paying twice for services or materials, but only if the residential customer is given prior notice of the possibility that that customer may have to pay twice. There is no requirement that nonresidential customers be given such prior notice.
