121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 609

An Act To Offset the United States Citizenship Test Fee for Low-income Residents

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
STRIMLING DUDLEY	ONTP	

LD 609 proposed to direct the Department of Human Services to pay the United States citizenship test fee for a low-income person seeking United States citizenship who had been a resident of the State for at least one year and whose income was below the median income of the State. This bill also proposed to direct the department to adopt rules to implement this provision, including that the department assist an applicant in filing for a fee waiver from the Federal Government and that the State pay the citizenship test fee directly to the Federal Government. The rules would also develop a process that was most cost-effective for the State and as simple as possible for the applicant.
