121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Joint Standing Committee on Utilities and Energy

LD 655 An Act To Revise the Charter of the Brunswick Sewer District

P & S 19

Sponsor(s)	Committee Report	Amendments Adopted
GERZOFSKY	OTP-AM	H-180
EDMONDS		

LD 655 proposed to extend the territory of the Brunswick Sewer District to include the growth area defined by the growth/rural area boundary on the Town of Brunswick zoning map and to provide that the territory of the district expands with the growth area as zoned by the town. The bill also proposed to amend the charter to include a provision already in state law requiring the trustees to acquire written assurance from the town council that any sewer extension is in conformity with the Town of Brunswick Comprehensive Plan, Zoning Ordinance.

Committee Amendment "A" (H-180) proposed to clarify certain language of the bill and remove a provision redundant of requirements imposed under state law. It also proposed to add a referendum clause relating to that portion of the bill that expands the territory of the Brunswick Sewer District.

Enacted Law Summary

Private and Special Law 2003, chapter 19 extends the boundary limit of the Brunswick Sewer District to include the growth area defined by the growth/rural area boundary on the Town of Brunswick zoning map. It provides that the Town Council may expand the territory further to address threats to public health and safety. The law also amends the charter to make clear the trustees must comply with current law that requires the trustees to acquire written assurance from the town council that any sewer extension is in conformity with the Town of Brunswick Comprehensive Plan, Zoning Ordinance. That portion of the bill that expands the territory of the Brunswick Sewer District is subject to local referendum approval within the district.
