121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Joint Standing Committee on Natural Resources

Organization for Standardization, ISO 11143:1999. It proposed to require dentists to notify the Department of Environmental Protection of their installations and to also notify the director or chief engineer of a publicly owned treatment works if their wastewater is discharged into a publicly owned treatment works. It proposed that dentists must comply with these requirements beginning December 31, 2004.

Committee Amendment "A" (H-274) proposed to amend the definition of "amalgam separator system" to include a device that removes dental amalgam from the waste stream prior to its discharge to a private septic system located at a dental facility. The amendment also proposed to require dental amalgam separators to meet a minimum removal efficiency of 95% if installed prior to March 20, 2003 or 98% if installed on or after March 20, 2003 as determined through testing in accordance with standards of the International Organization for Standardization in effect on the date the system is installed. The amendment proposed to require dentists to maintain, for a period of 3 years, all shipping records for replacement filters and written documentation to demonstrate that the amalgam separator system has been properly inspected and maintained.

Enacted Law Summary

Public Law 2003, chapter 301 requires the installation of amalgam separator systems in dental offices that add, remove or modify dental amalgam. Dental amalgam separators must meet a minimum removal efficiency of 95% if installed prior to March 20, 2003 or 98% if installed on or after March 20, 2003 as determined through testing in accordance with standards of the International Organization for Standardization in effect on the date the system is installed. Dentists must notify the Department of Environmental Protection of their installations and must also notify the director or chief engineer of a publicly owned treatment works if their wastewater is discharged into a publicly owned treatment works. Dentists must maintain, for a period of 3 years, all shipping records for replacement filters and written documentation to demonstrate that the amalgam separator system has been properly inspected and maintained. Dentists need not comply with these requirements until December 31, 2004.

determines that the plan is feasible, the department may implement the plan. Chapter 136 also authorizes the department to seek funding from private sources to support the development and implementation of the plan.

LD 709 **An Act To Require Public Meetings prior to Dam Removal** **PUBLIC 134**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GAGNON FLETCHER	OTP-AM	S-64

LD 709 proposed to require the Department of Environmental Protection to hold a public hearing before a dam is removed.

Committee Amendment "A" (S-64) proposed to replace the bill. The amendment proposed to require a person who intends to file an application for a permit to remove an existing dam to attend a preapplication meeting with the Department of Environmental Protection and to hold a public informational meeting prior to filing the application. The meetings must be held in accordance with the department's rules on the processing of applications.

Enacted Law Summary

Public Law 2003, chapter 134 requires a person who intends to file an application for a permit to remove an existing dam to attend a preapplication meeting with the Department of Environmental Protection and to hold a public informational meeting prior to filing the application. The meetings must be held in accordance with the department's rules on the processing of applications.

LD 743 **An Act To Develop a Plan for Cathode Ray Tube Disposal** **PUBLIC 150**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
THOMPSON MARTIN	OTP-AM	H-185

LD 743 proposed to require producers of electronic equipment to implement a program for ensuring the environmentally sound collection, treatment, recovery and final disposition of discarded and obsolete electronic equipment.

Committee Amendment "A" (H-185) proposed to replace the bill. The amendment proposed to ban the disposal of cathode ray tubes, that are not already prohibited from disposal under the hazardous waste rules, in solid waste disposal facilities beginning January 1, 2006. The amendment also proposed to require the Department of Environmental Protection to convene a stakeholder group and to develop a recommended plan, utilizing the concept of shared responsibility among manufacturers, distributors, retailers, consumers and other parties, for the collection and recycling of cathode ray tubes. Under the amendment, the department would submit the recommended plan to the Joint Standing Committee on Natural Resources by January 30, 2004. The amendment proposed to authorize the Joint Standing Committee on Natural Resources to report out legislation during the Second Regular Session of the 121st Legislature.
