121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

bail commissioner or a defendant who is not in custody but who was aggrieved by a decision of a District Court Judge or a bail commissioner, a Superior Court Justice would have to make an entirely new or de novo determination of bail. The bill proposed that the Superior Court could not increase or decrease or otherwise modify the bail that was set but instead would hear argument and make an entirely new bail determination. This determination could include bail in any manner authorized by Title 15, section 1026; therefore, the Superior Court's de novo determination of bail could be the same, could be higher or lower or could have different conditions than the bail previously set.

Enacted Law Summary

Public Law 2003, chapter 66 clarifies the process for review of preconviction bail by clearly stating that, upon receiving a petition for review of preconviction bail from a defendant who is in custody as a result of a decision of a District Court Judge or a bail commissioner or a defendant who is not in custody but who is aggrieved by a decision of a District Court Judge or a bail commissioner, a Superior Court Justice shall make an entirely new or de novo determination of bail. The Superior Court does not increase or decrease or otherwise modify the bail that is set but instead hears argument and makes an entirely new bail determination. This determination may include bail in any manner authorized by Title 15, section 1026; therefore, the Superior Court's de novo determination of bail may be the same, may be higher or lower or may have different conditions than the bail previously set.
