121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 777 proposed to provide that the Wells National Estuarine Research Reserve contains lands or interests in land within the defined location of the reserve acquired from willing sellers or added to the reserve by agreement for the purpose of furthering the reserve's conservation, research or educational purposes. The bill also proposed to change references to the Bureau of Parks and Recreation and the Bureau of Public Lands to the Department of Conservation and to correct the reference to the legislative committee of jurisdiction.

Committee Amendment "A" (H-100) proposed to correct an error in the original Private and Special Law that refers to the Eldridge River. The correct reference is the Ogunquit River.

Enacted Law Summary

Private and Special Law 2003, chapter 11 amends the description of the location of the Wells National Estuarine Research Reserve to include lands or interests in land acquired from willing sellers or added to the reserve by agreement for the purpose of furthering the reserve's conservation, research or educational purposes. It requires the Wells National Estuarine Research Reserve Management Authority to provide a copy of its annual financial report to the joint standing committee of the Legislature having jurisdiction over conservation matters. This is a correction to designate the appropriate committee of jurisdiction to receive the report.
