121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

federal law may use the information solely for the purposes of delivering or assisting in the delivery of emergency notification services. The amendment also provides that the name, address and telephone number of any person to whom any outgoing emergency notification ("reverse 911") call is made using confidential information acquired pursuant to 47 United States Code, Section 222(g) are confidential in the same manner as that information in the E-9-1-1 database.

An Act To Provide Parity in Funding for Enhanced 9-1-1 Services

BLISS HALL	OTP-AM	H-217

LD 771 proposed to provide cellular and wireless telecommunications service providers reimbursement for the costs of implementing E-9-1-1 service in the State. Currently, cellular and wireless customers contribute to the E-9-1-1 fund, but only landline telephone service providers are entitled to reimbursement for implementation costs.

Committee Amendment "A" (H-217) proposed to specify that cellular and wireless telecommunications service providers may only receive reimbursement for eligible expenses related to the E-9-1-1 system if the provider does not separately bill customers for the expenses and the provider is not otherwise reimbursed for the expenses.

Enacted Law Summary

Public Law 2003, chapter 194 provides that cellular and wireless telecommunications service providers may only receive reimbursement for eligible expenses related to the E-9-1-1 system if the provider does not separately bill customers for the expenses and the provider is not otherwise reimbursed for the expenses. Currently, cellular and wireless customers contribute to the E-9-1-1 fund, but only landline telephone service providers are entitled to reimbursement for implementation costs.

LD 775

An Act To Clarify That All Companies Offering Telephone Services for Compensation, Including Switchless Resellers, Are Telephone Utilities

PUBLIC 153

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BLISS HALL	OTP-AM	H-125

LD 775 proposed to clarify that all persons offering telephone services for compensation, including so-called "switchless resellers," are telephone utilities. The bill proposed to revise the definition of "telephone utility" to include a telephone utility that offers "telephone service" and to remove any reference to ownership or control of a "telephone line"; to establish a new definition of "telephone service"; and to repeal the definition of "telephone line."

Committee Amendment "A" (H-125) proposed to clarify that the term "telephone utility" does not include entities excluded from the definition of "public utility."
