121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 806

An Act To Simplify the Requirements for Tagging, Registering and Transporting Harvested Animals

PUBLIC 331

<u>Sponsor(s)</u> BRYANT PINEAU		<u>Committee Report</u> OTP-AM		<u>Amendments Adopted</u> S-142
---------------------------------------	--	-----------------------------------	--	------------------------------------

LD 806 proposed to simplify the tagging and registration requirements for harvested animals by providing the same tagging and registering requirements for bear, deer, moose and wild turkey. The bill also proposed to allow a person to transport a harvested animal if that animal was lawfully harvested and possessed by that person.

Committee Amendment "A" (S-142) proposed to:

1. Remove provisions of the bill regarding gift animals;
2. Remove the requirement that the department advertise registration stations in daily newspapers;
3. Remove the requirement that tags be a part of the hunting license or permit;
4. Change the penalty language for various registration violations to make those violations Class E crimes; and
5. Clarify that once a wild animal is legally harvested, tagged and registered there are no other requirements for the transportation of that animal.
