121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Joint Standing Committee on Utilities and Energy

Enacted Law Summary

Public Law 2003, chapter 153 clarifies that all persons offering telephone services for compensation, including so-called "switchless resellers," are telephone utilities. The law revises the definition of "telephone utility" by specifying that a telephone utility offers "telephone service", establishes a new definition of "telephone service", repeals the definition of "telephone line" and clarifies that the term "telephone utility" does not include entities excluded from the definition of "public utility."

LD 776 **An Act To Eliminate Potential Restrictions to the Establishment of an Alternative Form of Regulation for Some Telephone Utilities** **PUBLIC 48 EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BLISS HALL	OTP	

LD 776 proposed to repeal a section of law that contemplates the Public Utilities Commission concluding any proceeding establishing an "alternative form of regulation" for a telephone utility by 1996. Removing the provision would allow the commission to adopt an alternative form of regulation for telephone utilities other than Verizon.

Enacted Law Summary

Public Law 2003, chapter 48 repeals a section of law that provides for certain procedural requirements if the Public Utilities Commission concludes a proceeding establishing an "alternative form of regulation" for a telephone utility before certain dates in 1995 and 1996. Repealing this clarifies that the commission may establish an alternative form of regulation for telephone utilities for which the commission has not yet established an alternative form of regulation.

Public Law 2003, chapter 48 was enacted as an emergency measure effective April 17, 2003.

LD 799 **Resolve, To Improve Energy Efficiency in New School Buildings** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
HALL	ONTP	

This resolve proposed to direct the Commissioner of Education to amend the Department of Education's rules on construction of new schools or school buildings to require that all new school construction proposals be based on the most energy and environmentally efficient designs suitable. The commissioner would be required to submit a report to the Second Regular Session of the 121st Legislature. (The concept of this bill was addressed in the committee amendment to LD 233.)
