Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 827

An Act Regarding Wildlife Habitat Conservation

PUBLIC 619

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DUNLAP EDMONDS	OTP-AM MAJ ONTP MIN	H-799

LD 827 was carried over from the First Regular Session by the Joint Standing Committee on Inland Fisheries and Wildlife and rereferred jointly to the Joint Standing Committees on Taxation and Inland Fisheries and Wildlife. The bill proposed to allow the Commissioner of Inland Fisheries and Wildlife to enter into an agreement with a landowner to manage a parcel of land in the unorganized territory as wildlife habitat. An agreement could include a provision that exempted the parcel of land that is the subject of the agreement from the property tax. For a landowner who owns more than 1,000 acres in the unorganized territory, no more than 15% of that landowner's holdings in the unorganized territory could be the subject of an agreement to manage the land as wildlife habitat.

Committee Amendment “A” (H-799) proposed to replace the bill. It proposed to clarify the meaning of “wildlife habitat” for purposes of the farm and open space tax law and require assessors to consider whether there was a written agreement for the protection of wildlife habitat when determining eligibility for classification under that law.

Enacted Law Summary

Public Law 2003, chapter 619 clarifies the meaning of “wildlife habitat” for purposes of the farm and open space tax law and requires assessors to consider whether there is a written agreement for the protection of wildlife habitat when determining eligibility for classification under that law.

LD 938 was carried over from the First Regular Session and together with LD 951, commonly referred to as the “Chebeague proposal,” proposed to permit land used for long-term ownership, or generational family ownership, to be assessed based on current use.
