121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Joint Standing Committee on Marine Resources

LD 900 **An Act Regarding Eligibility for a License To Harvest Marine Organisms for a Person Who Served in the United States Armed Forces or United States Coast Guard** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SAVAGE MCNEIL	ONTP	

LD 900 proposed to amend the eligibility requirements for the issuance on appeal of a Class I, Class II or Class III lobster and crab fishing license to a person who served in the United States Armed Forces or the United States Coast Guard to include that if a person held one of these licenses while in the service, that person was entitled to a license on a successful appeal. The bill also proposed to allow the service member who had won the appeal to choose a zone in which to fish regardless of the zone restrictions and to purchase not more than 300 trap tags for the first year with the normal increase of 100 trap tags per year up to the zone maximum limit of trap tags.

LD 939 **An Act To Repeal the Fee on Aquacultural Salmon Production** **CARRIED OVER**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
KAELIN		

LD 939 proposes to repeal the Salmon Aquaculture Monitoring, Research and Development Fund, including the 1¢ per pound fee on whole fish harvested paid by the salmon aquaculture industry, and to require the commission to refund any remaining balance in the fund to persons who have paid money into the fund since January 1, 2001. Additionally, it proposes to repeal the Maine Salmon Aquaculture Advisory Council, whose purpose is to provide guidance on expenditures from the Salmon Aquaculture Monitoring, Research and Development Fund.

LD 1001 **An Act To Modify the Criteria for Approval of Aquaculture Leases** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
EDMONDS KOFFMAN	ONTP	

LD 1001 proposed to broaden the criteria for approval of aquaculture leases to include consideration of upland conservation lands, public parks and residential uses. The Commissioner of Marine Resources would be required to adopt quantifiable impact standards and visual impact criteria to protect upland conservation lands, public parks and residential uses. This would increase predictability for all parties in the lease application process.
