121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1036

An Act To Clarify Curriculum Requirements for Gifted and Talented High School Students

ONTP

Sponsor(s)	Committee Report	Amendments Adopted
CRESSEY	ONTP	
WESTON		

LD 1036, which was a concept draft pursuant to Joint Rule 208, proposed to clarify that the existing honors and advanced placement curricula serve to meet curriculum requirements for educating gifted and talented students, thus obviating the need for high schools to create an additional separate curriculum for such students. Currently, public high school students labeled as "gifted and talented" are enrolled in the honors classes and advanced placement classes offered by their high schools.

LD 1041

An Act To Protect Schools That Are Completing Health and Safety Improvements from Losing Points as Part of Their Major Capital Project Applications ONTP

<u>Sponsor(s)</u> <u>Committee Report</u> <u>Amendments Adopted</u>
MILLS J ONTP

LD 1041 proposed to establish a so-called "hold harmless" provision to protect school administrative units that are completing health and safety improvements to their school facilities from losing points in the rating process used by the State Board of Education to evaluate school construction project applications. The bill also proposed to provide that, beginning with the 2003-2004 rating cycle for school construction project applications, the State Board of Education should ensure that the rating points assigned to a project application for the rating cycle in progress are not adjusted, reduced or affected by improvements made to existing buildings that relate directly to protecting the health or safety of staff or students, as long as the project application involved received a rating on the school facilities priority list for the 2001-2002 rating cycle and the improvements were made subsequent to the submission of the 2003-2004 application. The bill also proposed to direct the State Board of Education to adopt or amend rules relating to the rating and approval of school construction projects.
