121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 1121 **An Act Relating to the Reporting of Information to the Maine Health Data Organization** **ONTP**

<u>Sponsor(s)</u> MARRACHE GAGNON		<u>Committee Report</u> ONTP		<u>Amendments Adopted</u>
---	--	---------------------------------	--	---------------------------

LD 1121 proposed to exclude health care practitioners from the definition of provider and exclude free-standing ambulatory care facilities from the definition of health care facility under the provisions of law governing the Maine Health Data Organization. These exclusions would exempt practitioners and ambulatory care facilities from any requirements that the organization imposes on providers or facilities, including requirements to report data and pay annual assessments.

LD 1127 **An Act To Require Fire-safe Cigarettes in the State** **CARRIED OVER**

<u>Sponsor(s)</u> BULL EDMONDS		<u>Committee Report</u>		<u>Amendments Adopted</u>
--------------------------------------	--	-------------------------	--	---------------------------

LD 1127 proposes to provide that, beginning January 1, 2004, only cigarettes that meet the standards of fire-safe cigarettes as established by the State Fire Marshal may be offered for sale in this State.

LD 1154 **An Act To Establish an Appeal Process for Residential Care Facilities Denied Licensure Due to Fire Safety Issues** **ONTP**

<u>Sponsor(s)</u> SHERMAN		<u>Committee Report</u> ONTP		<u>Amendments Adopted</u>
------------------------------	--	---------------------------------	--	---------------------------

LD 1154
Currently, a license may not be issued by the Department of Human Services to a residential care facility unless the State Fire Marshal's Office attests that the facility has complied with applicable fire safety provisions. If the State Fire Marshal's Office declined to issue the required statement, this bill proposed to allow the residential care facility to appeal the decision, using the same appeal process established in the Maine Revised Statutes, Title 25, section 2392 to appeal code violations.
