121st Maine Legislature First Regular Session

Summary Of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing and joint select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 1542

An Act To Effectively Separate Children's Homes from Adult Residential Care Facilities Regarding Fire Safety

PUBLIC 411

Sponsor(s)	Committee Report	Amendments Adopted
KANE	OTP-AM	H-487
WESTON		

LD 1542 proposed to delineate the Life Safety Code of the National Fire Protection Association requirements under which children's homes are inspected. Currently, children's homes' life safety code requirements are linked to code requirements for assisted living programs, so statute changes enacted in 2002 that changed code requirements for assisted living programs also affected children's homes. This bill proposed to assign fire safety code requirements that are more suitable for children's homes.

Committee Amendment "A" (H-487) proposed to apply the bill's requirements for children's homes with 7 to 16 beds to homes with 4 to 16 beds. It proposed to clarify the requirement for facilities with 6 or fewer beds. It proposed to correct wording regarding board and care facilities.

Enacted Law Summary

Public Law 2003, chapter 411 applies the bill's requirements for children's homes with 7 to 16 beds to homes with 4 to 16 beds. It clarifies the requirement for facilities with 6 or fewer beds.
