First Regular Session and First Special Session

Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 265

An Act To Establish Instant Run-off Voting

ONTP

<u>Sponsor(s)</u> STRIMLING		<u>Committee Report</u> ONTP		<u>Amendments Adopted</u>
--------------------------------	--	---------------------------------	--	---------------------------

LD 265 proposed the creation of an instant run-off voting method of determining winners in elections for President, Vice President, United States Senator, United States Representative to Congress, Governor, State Senator and State Representative. The method would simulate the ballot counts that would occur if all voters participated in a series of run-off elections and would allow a voter to rank candidates according to that voter's preferences. Each voter would have only one vote for each office, and the ballot count would be the same as would occur if voters participated in a series of run-off elections, with the weakest candidate eliminated after each round of counting.

There would be an initial round of counting. As proposed by this bill, if more than 2 candidates have received votes after the initial round, the Secretary of State would conduct an instant run-off round. In this instant run-off round, the Secretary of State would eliminate the candidate with the fewest votes. A ballot that ranks this eliminated candidate as the highest-ranked candidate would be counted as a vote for the highest-ranked advancing candidate on that ballot. An advancing candidate would be a candidate who has not been eliminated. This process of counting votes and eliminating the candidate with the fewest votes would continue until 2 candidates remain. The candidate with the most votes is declared the winner.

For the presidential and vice-presidential elections, the instant run-off voting method would be conducted to determine winners for the entire State as well as in each congressional district.

LD 270

An Act To Prohibit Same-day Voter Registration

ONTP

<u>Sponsor(s)</u> COURTNEY		<u>Committee Report</u> ONTP MAJ OTP-AM MIN		<u>Amendments Adopted</u>
-------------------------------	--	---	--	---------------------------

Current law authorizes citizens of the State to register to vote on election day. LD 270 proposed to repeal that provision and instead require that citizens of the State register to vote no later than the Friday preceding the election.

Committee Amendment "A" (S-217) proposed to replace the bill. It also proposed to change the title of the bill. The amendment, as proposed, stated that if a registrar of voters requests that a person registering to vote on election day return with information to prove identity or residency and that person does not return with that information, then that name would be referred to the appropriate district attorney for investigation of voter fraud.
