### 122nd Maine Legislature Second Regular Session

#### Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet ([www.state.me.us/legis/opla/billsumm.htm](http://www.state.me.us/legis/opla/billsumm.htm)).

LD 307 proposed to establish a recreational watercraft training and certificate program to promote the safe operation of watercraft in the waters of the State.

**Committee Amendment "A" (H-850)** proposed to prohibit a person 16 years of age or older and under 18 years of age from operating a personal watercraft unless that person has a person 18 years of age or older physically on the watercraft during operation or that person possesses proof of age and proof of having completed a boater safety course. This requirement would take effect January 1, 2007.

The amendment also proposed to direct the Commissioner of Inland Fisheries and Wildlife and the Commissioner of Marine Resources to work together and with interested parties to study the feasibility of developing a statewide boater safety education program. The commissioners would be required to report their findings and recommendations to the Joint Standing Committee of Inland Fisheries and Wildlife and the Joint Standing Committee of Marine Resources by February 1, 2007.

**Committee Amendment "B" (H-851)** proposed to allow a person who is 15 years of age to operate a personal watercraft if that person had successfully completed a boater safety education course provided by the Department of Inland Fisheries and Wildlife or an organization approved by the Commissioner of Inland Fisheries and Wildlife.

**Committee Amendment "C" (H-852)** proposed to prohibit a person 16 years of age or older and under 18 years of age from operating a personal watercraft unless that person possessed on that person proof of age and proof of having completed a boater safety education course.
