122nd Legislature First Regular Session and First Special Session

Summary of Legislation Considered by the Joint Standing Committees August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 373 proposed to strike existing language that prevents Maine from enforcing a larger minimum size for lobster than 3 8/32 inches except in the case of contingent action by the Federal Government and other New England states. It proposed to add new language to require an individual who possesses both a Maine lobster and crab fishing license and a federal limited access lobster permit to comply with the most restrictive minimum lobster size for all federal lobster management areas declared on the person's license wherever the fishing occurs.

Enacted law summary

Public Law 2005, chapter 6 strikes existing language that prevents Maine from enforcing a larger minimum size for lobster than 3 8/32 inches except in the case of contingent action by the Federal Government and other New England states. It adds new language that requires an individual who possesses both a Maine lobster and crab fishing license and a federal limited access lobster permit to comply with the most restrictive minimum lobster size for all federal lobster management areas declared on the person's license wherever the fishing occurs.

Public Law 2005, chapter 6 was enacted as an emergency measure effective March 18, 2005.

LD 386	An Act To Encourage the Scallop Industry	ONTP

Sponsor(s)	Committee Report	Amendments Adopted
PINGREE	ONTP	
DAMON		

LD 386, a concept draft pursuant to Joint Rule 208, proposed to recognize scallop spat collection as a fishery and to direct the Scallop Advisory Council to develop rules to govern spat collection as a fishery. Rules that would be needed include scale of collection, eligibility of people involved and whether spat can be viable as a fishery. The bill also proposed to direct the Scallop Advisory Council to work with the Department of Marine Resources concerning the sale of whole cultured scallops.
