122nd Legislature
First Regular Session and First Special Session

Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Joint Standing Committee on Legal and Veterans' Affairs

Committee Amendment "A" (S-150) proposed to change the title of the bill and replace the section of the bill that places those collecting signatures for petitions a minimum of 25 feet outside the voting place with guidelines for the presence of petitioners at the voting place, including allowing space for those who oppose the petition for which signatures are being collected.

House Amendment "A" to Committee Amendment "A" (H-398) proposed to replace the bill and require the Secretary of State to supply a temporary warden if a municipal voting warden determines that there is a security concern or it is necessary to maintain order at the polling place. The amendment also proposed to require the Secretary of State to report to the Joint Standing Committee on Legal and Veterans Affairs on the cost of providing a temporary warden at a polling place and with potential funding sources. The amendment also would make the requirement to supply a temporary warden effective for the November 2006 election.

House Amendment "B" to Committee Amendment "A" (H-478) proposed to allow a warden to place an opponent to a petition next to the circulator of that petition, but does not require such placement.

Senate Amendment "A" to Committee Amendment "A" (S-218) proposed to alter Committee Amendment "A" in the following ways.

1. It would permit a municipal clerk to deny access to the voting place if a circulator fails to notify the clerk by noon of the day before the election day of an intention to collect signatures.
2. It would replace the provision in the committee amendment that limits the number of circulators and opponents to one per question or issue with a new provision that permits the warden to limit the number based on the space available.
3. It would provide that the restriction against approaching a voter before that voter votes applies only to activity within the voting place.
