Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

MARTIN PERRY A	OTP-AM	S-100

LD 405 proposed to require the President of the Maine Community College System to establish a pilot program for the education of registered nurses who are interested in employment in long-term care. The pilot program would be operated at 4 community college locations across the State and would be funded equally from the Health Care Training Fund and from private donations.

**Committee Amendment "A" (S-100)** proposed to revise the pilot program proposed in the resolve to require the Maine Community College System to establish a pilot program for the education of individuals who are interested in enrolling as candidates in an entry-level nursing preparation program and who have also expressed the goal of attaining a license as a registered nurse. The proposed pilot program could also provide education for entry-level candidates for the nursing preparation program who are interested in future employment in long-term care as registered nurses. The proposed pilot program would be operated at 2 community college locations in the State. The amendment also proposed to require that a scholarship fund be established with private donations to provide eligible students with funds to participate in this pilot program and proposed to provide that the Maine Health Care Association and the Maine Community College System work together to provide leadership for raising these scholarship funds.
