Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

An Act To Clarify the Authority of a County To Fund Its County Communications Center through the County Tax or Fee-for-service Agreements

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BLANCHARD SCHNEIDER	ONTP	

LD 474 proposed to clarify that a county communications center may be funded through the county tax if the center is available for use by any municipality in the county that chooses to use it, even if one or more municipalities in the county elect not to use the center. It would also allow the county commissioners to enter into an agreement with a municipality, whether or not located in the county, to provide that municipality with any of the communications services offered by the county's communications center in return for payment for these services.
