Summary of Legislation Considered by the Joint Standing Committees August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

DIED BETWEEN HOUSES

Sponsor(s)Committee ReportAmendments AdoptedSMITH WOTP-AMH-338STRIMLING

LD 916 proposed to direct the Workers' Compensation Board to adopt rules that establish schedules of maximum charges for hospital charges.

Committee Amendment "A" (H-338) proposed to replace the bill with a resolve establishing the Commission on Maximum Hospital Charges for Workers' Compensation. The commission's duties would be to study information provided by the Maine Health Data Organization concerning actual payments made by private 3rd-party payors for hospital services and, based on that information, to determine whether a schedule of maximum charges for hospital services provided to workers' compensation claimants should be established and, if so, to recommend those maximum charges.

Enacted law summary

2nd and 3rd weeks of September.

Public Law 2005, chapter 232 supplements current law requiring the Department of Labor, Bureau of Labor Standards to determine the prevailing hourly wage and benefits in the construction industry in Maine. The survey is based upon an investigation of wages and benefits paid by employers in the construction industry during the 2nd and 3rd weeks of September, annually. Chapter 232 enables petitions to be filed with the Director of the Bureau of Labor Standards within the Department of Labor to institute a supplemental wage and benefit survey to determine a prevailing wage for a trade or occupation that has more than 10 workers, if that trade or occupation was not part of a previous wage and hour survey.
