Summary of Legislation Considered by the Joint Standing Committees August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

LD 1161

An Act To Provide for Variance Notification in the Shoreland Zoning Law

PUBLIC 440

Sponsor(s)	Committee Report	Amendments Adopted
HUTTON	OTP-AM	H-477

LD 1161 proposed to provide for notice to abutters when an application for a permit or license is accepted and when a permit or license is denied or issued by the Land Use Regulation Commission and it proposed to provide for notice to abutters, municipalities and municipal boards when an application for a permit or license is accepted and when a permit or license is denied or issued by the Department of Environmental Protection.

Committee Amendment "A" (H-477) replaced the bill and proposed to require that a request for a variance from a shoreland zoning ordinance must be forwarded to the Commissioner of Environmental Protection at least 20 days prior to action by the municipality. It would provide for comment by the commissioner if the commissioner determines that the variance is in noncompliance with the requirements of state law for a zoning variance or undermines the purposes stated in the Maine Revised Statutes, Title 38, section 435. It also would provide that these comments are made part of the record to be considered when a decision is made on the variance request.
